

We hear it often in the U.S. - *Education changes everything.* But for the families served in our 100+ villages in rural Nicaragua, that's even more true.

To break the generational cycle of crushing poverty, the youth in Nicaragua must overcome an illiteracy rate as high as 90% in the areas where Rainbow Network operates. That's why – behind malnutrition and basic healthcare – education is a top priority for us as we establish assistance in a community.

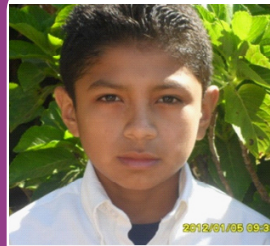

And while it's an uphill battle, we know it's worth fighting. We're confident you'll agree, and join us in reversing the statistics. For just \$25 a month, you can provide a wonderful opportunity – to become the first person EVER in their family to graduate from High School.

Please take a moment to meet the Rainbow Network students below, search your heart, and then reach into your pocket. Because your small change – 80 cents a day – will make a big difference in their life... and yours, too.

Name: Bianca Fraxcedi Olivas Jiménez
 Birthday: 03-01-2000
 Community: Parcelas
 HS Grade: 1st Year
 Student ID: 319-931

Bianca lives in a five-person household and travels 1km to her school in the town of La Paz Centro. Education is the key to her dreams of studying medicine in hopes of one day helping her parents and community.

Name: David Concepción Munguía Cajina
 Birthday: 12/12/98
 Community: Las Parcelitas
 HS Grade: 2nd Year
 Student ID: 328-945
